

**THE
STUDENT
HOTEL**

Hans has been providing the chair massage at multiple The Student Hotel locations over the past. At the Student Hotel Amsterdam West, we are very happy about his services and professionalism. Our guests, both students and co-workers are always excited when he visits. After just 10 minutes of his massages, you will feel relaxed and ready for the rest of the day. Perfect for any environment where people sit a longer period of time, such as universities, schools & offices. We would definitely recommend his services and plan on booking Hans more often in the future.
